Camping Honors To Vulcan Scouts

At the Foothills Camporee held recently at the new Turner Valley Scout Camp, Vulcan took all the honors. The patrol of P. L. Jay Scott, Leighton Lucas, Barry Deal, Lawrence Lundgren, Dennis Nault and Bob Schrag placed first in the main camp, giving Vulcan this award for the third consecutive year. In the other camp the patrols of David Dawson and David Saxby placed first and second respectively. Although the rain slowed activities down on Saturday morning most agree it was the best camporee yet.

Fastball Activities

Local softball action saw Vulcan's 'A' Coy, Calgary Highlanders lose two and tie one during this week's action. Wednesday night the locals journeyed to Dintion where the Dintion squad scored 9 runs in the 7th inning to down the local crew by a 15-9 score. Dave Mitchell and Larkins shared pitching chores for the losers, giving up 13 base hits. Gatenby collected 3 hits in 5 tries including a home-run while Larkins hit 4 in 5 for the losers. Mel Burgess also chipped in a home-run in the losing cause.

Thursday night 'A' Coy played host to Imperial Oil and were again defeated, this time by a 14 to 9 count as Imperial Oil counted 3 runs in the eighth to put the game on ice. Boyce hurling for the winners gave up 13 safe hits but was very effective in the clutch while Larkins went all the way in giving up 14 base hits. Marotte and Boyce led the Imperial hitting attack, each connecting 3 times in five trips to the plate. Ken Wright led the Army hitters with 3 hits in five trips while Garvin and Hart hit 2 for five.

Monday night saw the Vulcan town team battle 'A' Coy to a tie in an abbreviated game called because of darkness. Score was 18-18 at the end of 5 innings.

Activities of Lions Club

Swimming Pool Shows Smaller Deficit in '55

Increasing popularity of the Memorial Swimming Pool, sponsored by the Vulcan Lions Club, is evidenced by the fact that receipts from admission charges to the pool showed an excellent increase in 1955, resulting in a deficit on the year's operations of only \$663.67 as compared to the usual yearly deficit of \$1200 to \$1500.

Receipts from season ticket sales and single admissions totalled \$2,188.24. The following donations were received: Audrey Moffitt, \$5, Bud Crick \$8, Royal Cafe \$214.02, County of Vulcan \$200, Bev Banks \$50, bringing total receipts to \$2,633.26.

Expenditures were as follows: Salaries and wages \$2,131.81, Repairs \$413.24, Supplies \$313.72, Light and power \$207.22, Stroke coal \$179.15, Advertising \$32.10, Unemp. Insurance \$24.84, Telephone \$24.85, for a total of \$3,326.93.

The deficit of \$663.67 was met by Lions Club activities such as bingo and turkey shoot.

The financial report given at the Lions Club meeting Monday evening showed that in the past year an additional amount of approximately \$1,250.00 has been spent by the Lions Club on various community projects.

Major items of expenditure include promotion of Little League baseball in 1955, \$157, and of Little League and Babe Ruth League baseball in 1956, \$210. The Lions sponsor the 4-H Grain Club and met their expenses of \$104 in the past year. One-third cost of the annual Kiddies Christmas treats amounted to \$130, the club's share of expenses in maintaining and improving the cemetery was \$106, and expenses in promoting juvenile hockey this past season amounted to \$70. \$81.64 was expended on slight conservation last winter and the sum of \$500 has been earmarked for the Elks baseball park, the Lions undertaking to construct and paint the fence around the ball park.

Constituency Conference On W.I. Held at Champion

(By Champion Correspondent)

Thirty-nine ladies gathered at the Little Bow Constituency Conference held in the Champion United Church on Friday, June 15, when the Good Deeds W.I. and Champion W.I. were the hostess branches. The theme of the Conference was 'Peace Thru Understanding.'

The singing of O Canada opened the conference at 10 a.m. The reading of the Creed was led by Mrs. M. Sisson. The salute to the Flag followed and the devotional was in charge of Mrs. John Hunderger. Mrs. C. Brown of the Good Deeds W.I. welcomed the delegates to the conference and Mrs. Gordon Davey presented the corsages of carnations to Mrs. J. A. MacQuarrie, Constituency convenor. Mrs. Ford, provincial vice-president; Mrs. A. J. Maisey, the secretary and Mrs. Alexander, district director. Mrs. J. M. Williams gave the response to the welcome.

After the reading of the minutes of the 1955 conference, reports of the Reid Hill, Thigh Hill, Kirkcaldy, Baxons, Good Deeds, and Champion Women's Institutes were read, these reports giving a very good overall picture of the work accomplished by these branches during the past year. During this period the Restrooms at Vulcan and Champion, and the grants which make them possible, were discussed. The Town of Vulcan and the County of Vulcan made a grant of \$300. per year and the ladies of the Institutes in that area have appointed a slate of officers who are responsible for the upkeep of the Restroom in Vulcan. The Champion W.I. receives a grant of \$100. per year from the County of Vulcan.

Farm Women Hold Conference

(Contributed)

It was generally conceded this year's FWUA Conference at High River was one of the best held in recent years. Mrs. Margaret House presided with Mrs. Archie Hogg assisting. The ladies of High River as hostesses had made splendid arrangements for a worthwhile day. Mrs. Miller acted as secretary.

Mrs. Sorochan, in a few well spoken words brought morning thoughts suggesting that our ailments and complaints receive consideration when taken to the proper source.

Mrs. Frances Fraser welcomed the delegates and introduced the study for this year, 'The Alberta Indians.' She brought many interesting pieces of Indian craftwork and the hall was hung with delightful Indian paintings done by Mrs. Harper.

Mrs. George Randle as convener of resolutions brought in some excellent petitions regarding succession duties, dual taxation, inadequate rural high schools and many other weighty matters of vital concern to every resident of Alberta.

The noon luncheon was served in the memorial centre dining-room with Mrs. Switzer catering. Mrs. Clarence Armstrong brought an inspiring address telling of her work for rural women in the past year. She urged all women to study the matter of 'Taxation in Canada,' Better Education for Rural High School pupils, and urged the farmers to keep aware of the difficult situation now facing them. While all other groups in Canada are enjoying a new kind of prosperity, prices for farm products are still on the decline. Only a full membership in the farm organizations across Canada can bring about a change. The votes of Quebec and Ontario still outnumber the rest of the provinces, so any movement to be effectual must carry the farmers of all the provinces. Dr. Hanam of the Federation of Agriculture is still the outstanding man in Canada's Agricultural Economy. The Federation must be given more funds to carry out their program.

Royal Purple Officers Installed

The ladies of the Royal Purple Lodge held their last regular meeting on Monday, June 11 at which time the newly elected officers for the ensuing year were installed. P.H. Royal Lady Laura Houlton was the installing officer and she was assisted by D.D.S.H.R. Lady Olga Miller as conductress and Lady Irma Middleton as secretary. Officers are as follows:

Im. Past H.R. Lady, Kay McKay; H.R. Lady, Isa Ohler; Associate Royal Lady, Wilma Marshall; Lady, Ollie Atkinson; Lecturing Lady, Marie Clarkson; Secretary, Lady Eileen Moyer; Treasurer, Lady Veda Boutland; Historian, Lady Lillian Deal; Chaplain, Lady Edith Marshall; Conductress, Lady Mildred Crick; Inner Guard, Lady Beth Best; Outer Guard, Lady Lena Brown; 3-yr. trustee, Lady Ruth Orchard; 2-yr. trustee, Lady Nan Degenstein; 1-yr. trustee, Lady Margaret Hanna; Pianist, Lady Madeline Atkinson.

Past Hon. R. Lady Bessie Gottenberg was very pleasantly surprised when Dist. Deputy Supreme H.R. Lady Olga Miller presented her with her Twenty-five Year Membership Pin. Lady Gottenberg is a charter member of the Champion Lodge and has been a member of the Vulcan Lodge since its institution.

District Receives 3-inch Rainfall

Crop prospects are greatly improved following a three-day rainfall last weekend. At Vulcan, 3.17 inches of rain was recorded from Thursday night to Sunday night and at Berrywater 3.32 inches was recorded in the same period. David Sim at Berrywater reports the heaviest rainfall was from 7 p.m. Friday to 7 a.m. Saturday, with 2.05 inches falling in the 12 hours.

Four Teams Will Compete

Baseball Tournament Here On Saturday

A Foothills-Wheatbelt Baseball League tournament will be held at Vulcan this Saturday, June 23, with all four teams of the league participating. Prize money will total \$1100.

First game is scheduled for 11:30 a.m. when Picture Butte and Lethbridge will meet and the second game at 1:30 p.m. will bring the Granum White Sox against the Vulcan Elks.

The third game (seven innings) will be at 4 p.m. when the losers of the first and second games play for third and fourth prizes. The final game will be at 6 p.m. when the winners of the first and second games play for first and second prizes.

This is one of the four tournaments being held at the home park of each team in the league. The team completing the most points at the end of the tournaments will be awarded the Jack Boyle Memorial Trophy. All teams have considerable import playing talent this season and some good baseball is in prospect for local fans.

On American Teacher Exchange

A former Vulcan district teacher, Dr. John D. McAulay, director of teacher education at Southern Oregon College, Ashland, has been selected for a Fulbright grant to participate in the International Exchange program of the U.S. government.

Dr. McAulay, at the start of his teaching career, taught at Sunny Glen school in the 1930's.

Dr. McAulay, with his family will sail from San Francisco, Aug. 3, on the liner 'Oronsay' for Canberra, Australia, arriving in early September in time for an orientation course. On the Pacific cruise, the McAulays will visit Hawaii, Tahiti, Samoa and Pago Pago. Upon completion of the orientation program, Dr. McAulay will be stationed at the University of Tasmania, where he will teach until March, completing the school year of three months at the University of South Wales.

In June, Dr. McAulay is to leave Australia for New Zealand where he will serve as consultant, to teacher education institutions, assisting in evaluating their programs. He will give classes in the

SHIRLEY SELLARS

Nursing Award

The Galt School of Nursing Alumnae Award for proficiency in operating room work was recently presented to Miss Shirley Sellars of Brant by Mrs. E. J. Kipp of Lethbridge.

A special meeting of the Lodge will be held in the Legion hall on Thursday evening, June 28. All members take notice.

Approved by Parks Board

Further Improvements For Little Bow Park

Plans for further improvements to the Little Bow Park were made at a meeting of the park committees of the Champion and Vulcan Lions Clubs, held at the park Sunday, June 16. No representatives were present from the Carmangay Lions.

The estimates for 1956 amounting to approximately \$5,000 have been approved by the Provincial Parks Board and cover the following:

- (1) Purchase of tractor, cultivator and trailer.
- (2) Purchase of additional irrigation pipe and couplers.
- (3) Completion of the boat dock.
- (4) Construction of a swimming and diving deck.
- (5) Wages for a full-time caretaker for the season.

Work left over from last year and covered by the 1955 appropriations includes the spreading of 500 yards of gravel and building of a second picnic shed.

It was decided at the meeting that the Champion club would pour the concrete slab for the kitchen and the Vulcan club would build the shelter. The other projects were discussed and divided up.

It was pointed out that the present policy of the Provincial Parks Board is to make fairly generous money grants for the first few years on the basis of favorable public acceptance of the park. In the near future as development is more or less completed, there will be less demand on local taxes for construction of facilities and improvements.

Control of the park is vested in a committee representing Champion, Vulcan, and Carmangay, responsible to the Provincial Parks Board.

Vacation School Course for Leaders

Miss Stella Clarke of Edmonton, provincial promoter of United Church and Co-operative Vacation Schools, will be in Champion United Church Tuesday, June 26 from 2 to 5 p.m. to direct a course of leadership training in this important work. Mothers as well as all prospective leaders in Carmangay, Champion and Vulcan districts including any older boys or men who would like to help with handicrafts for boys—all will be welcome.

Miss Clarke will bring samples of study materials and helps recommended for use this year. Those present will be divided into three interest groups concerning work with pre-school age, primary and junior boys and girls. Some time will be given to worship, to discussion of the place of recreation and a question period.

To have good Vacation Schools these are two essentials: Interested parents and leaders with as much training as possible. The boys and girls really like Vacation Schools and will greatly profit by one that is well-planned and well-conducted. This course will help local leaders.

Regular Meeting Reid Hill W.I.

The June meeting of the Reid Hill W.I. was held at the home of Mrs. Agnes McKay, June 12, with 17 members and five visitors answering the roll call with a description of my wedding gown, which brought back many nostalgic memories and many a laugh.

A most interesting paper on Agriculture was given by Mrs. Ross Walker.

Mrs. Earl Deal was chosen delegate to the Constituency Conference at Champion next Friday.

An appreciated article on Mrs. Berry's recent visit to Lethbridge was read by Mrs. Jack Marshall. Mrs. Berry is national president of the Federated Women of the World Association and addressed a large women's meeting at Lethbridge recently.

At the close of the business session a short program was presented. Miss Linda McKay and Miss Betty Hollister favored the ladies with several piano selections, which were much enjoyed.

A song contest, presented by Mrs. Jack Marshall, was won by Mrs. Walker and Mrs. Deal.

The tea raffie went to Mrs. Kuykendall after which a very delicious lunch was served by the hostesses.

Little League Tightens Up

The tight race for top honors in the Wheatbelt Little League was further complicated last week when Brant won two games and lost only one in three games played with Carmangay, and Vulcan defeated Champion for the first time to make the league standings very close.

Brant Little Leaguers, the early season underdogs, are fast becoming a very good ball club as shown when they won over Carmangay by a close 5-2 score. Bill Schultz pitched a neat three hitter for the victory, striking out seven, while his team-mates gathered seven hits off loser Leslie Row. Jack Schultz got two hits to be top hitter of the game.

Brant and Carmangay then split a double-header at Carmangay on Sunday but scores and statistics of these games were not available at press time and also the Vulcan-Champion game results were not turned in.

Babe Ruth League Games

In Babe Ruth League action last week Champion won two more games and dropped their first game of the season, losing to Vulcan 11-9. Vulcan also won a game from Milo but lost one to Champion as did the Carmangay club.

In Vulcan's split at Champion, Hughes was the winning pitcher, giving up only four hits. His team mates only got six hits but numerous walks on both sides accounted for most of the runs. Schumacher and Jamison got two hits apiece for Vulcan. Champion won the other game 16-7 with Leback getting the victory and Warren leading the hitters with three safeties.

In Champion's win over Carmangay by a 17-3 score L. Rhodes was the winning pitcher giving up three of the four hits allowed in the first inning for Carmangay's three runs and struck out seven batters. Leading the hitting parade for Champion were G. Rhodes and Little with three each.

Vulcan won 19-14 at Milo by scoring nine big runs in the last inning. David Saxby and Hughes led Vulcan hitters with three each while Alvin Shield topped the Milo club with three blows. John Ives managed to get five free passes in six times at bat for a pretty good night at getting on base for Milo.

Appointed Dealer Engineered Homes

Word has recently been received here that Lester Johnston, manager and owner of Johnston Construction of Vulcan, has been appointed Builder-Dealer for Engineered Homes in this area. This announcement comes from Engineered Buildings (Canada) Ltd., Head Office, Calgary, Alberta.

Mr. Johnston has been a resident of Vulcan for the past seven years during which period he has been actively engaged in building. To date he has built 16 homes in and around Vulcan. Before coming to Alberta he was a partner in a construction business in Winnipeg for a number of years.

Earlier this year Mr. Johnston attended the company's Dealer Convention at Calgary where new 1956 Engineered Home models were presented. He spent a week in the Calgary Plant and on various site jobs observed the methods and inspecting the quality materials used by the Engineered Buildings' Companies in manufacturing and erecting their homes.

Mr. Bob Parkins, manager of the Calgary Plant, said: "We are very happy to have Mr. Johnston represent us in the Vulcan area. His background and experience in the building trade make his qualifications ideal. We are confident that he will maintain the rigid standards of quality construction that have made it possible for more Engineered Homes to be built in Western Canada than any other home." All Engineered Homes carry a written one-year warranty and are N.H.A. approved.

Mr. Johnston plans on building six or more Engineered Homes this year; more next, as well as introducing into this area a line of prefabricated pole frame farm buildings.

Now is the time to prepare to spray those early sown crops of wheat that are becoming very weedy. It is safe to use the ester 2,4D three weeks after the crop has emerged or when the crop has reached the four leaf stage up until the time that it has reached the shot blade, but after that it will do no harm to the crop until maturity. The same rule can be followed for barley and rye, although barley is a little more susceptible to 2,4D than wheat.

Oats can be sprayed between the three and the six leaf stage, but be

District News

MAJORVILLE

On the last broadcast of Neighborly News from the Prairies Mr. Greene asked if knitting six bedspreads since 1950 was a record. It could be a record for knitting, but one prairie neighbor started to crochiet a tablecloth during the spring blizzards of 1948 and this April completed the 9th tablecloth since that time. Two of the cloths were 56 ins. x 72 ins. and the others were at least 56 ins. x 84 ins. The finest thread used was No. 40 and the coarsest No. 20. In the meantime many quilts, scarves, etc., were crocheted for gifts and bazaar work. Is this worth mentioning, Mr. Greene?

Mr. and Mrs. Will Francis and family were dinner guests at the home of Mr. and Mrs. Fred Bertschy last Sunday.

Mr. and Mrs. Kisinger and family of Calgary were guests during the week of Mr. and Mrs. M. Clemmons.

Rain showers of varying amounts fell over the district at the end of the week bringing relief from the hot dry winds that prevailed for about 10 days. The average seems to be about 1 1/2 inches. The winds did damage to late sown fields of flax and some re-seeding may be necessary.

Lomond Lions Held Annual Charter Night

On June 9 the Lomond Lions Club held their second annual Charter Night banquet. The hall was decorated with streamers of purple and gold and the tables with gladiolus, 'mums, carnations and garden flowers. Covers were laid for 150 guests for a cold turkey supper. However, some of the visiting clubs were unable to attend.

The toast to the Queen was proposed by Lion Fred Walker who also introduced the guests, Dr. Howard Bateman, the District Governor and his wife; Lion Stan Scales, International Counsellor and his wife, also two visiting clubs from Milo and Vulcan.

Lion Fred Walker paid tribute to his fellow Club members with particular mention going to the club's president, Lion Earl Helland. He stated that it was Lion Earl's untiring efforts and quiet determination that had put the Lomond Lions Club where it is today.

The address of welcome was given by Lion Earl Helland and the civic greetings by Lion Henry Huff. The toast to the ladies was given by Lion Harold Henricks and was very graciously responded to by Mrs. Ruby Caulfield.

At this time Lion Earl Helland gave a report on the activities of the local Club. He stated that the Lomond Lions Club was organized on April 22, 1955 and in the past year has done a lot to improve the community.

A stock-car track costing \$1000.00 was built and car racing held last summer. Also spent a considerable amount of money on the local sports ground. They sponsored juvenile baseball and also sponsored swimming lessons and transportation to the Vulcan Pool for approximately 50-60 children.

Last July a Sports Day was held with a Jubilee Parade. In November they held a 'Ladies' Nite.' In December they sponsored a free show and treats for all the children of the district. The organization has sponsored a 4-H Calf Club under the able leadership of Lion Ray Elliott. The latest undertaking was the building of a skating rink costing approximately \$34,000. The building has since been leased to the Alberta Wheat Pool for grain storage.

Cash donations were made to the following clubs:

Recreation Society, \$100; Cerebral Palsy, Calgary, \$25.; and the 4-H Sewing Club, \$25. And with that report we must agree that the Lions Club has done much to improve our small community.

Lion Stan Scales then introduced the guest speaker of the evening

Dr. Bateman, who gave a very enlightening and interesting talk on Lion activities throughout the world. He reminisced on his early life as a young doctor in Montana and showed both the humorous and heart-breaking sides of life. He spoke with great praise of the activities of our local Club. He assured the local Lions he was proud to be their District Governor, and it is with regret that we learned that Dr. Bateman is this year retiring.

Lion Stan Scales was then called upon to present pins to those members who had perfect attendance, and it was with great pride that we noted there were 31 members in this class. As a fitting tribute to our very capable president, Mrs. Helland was called forward to pin the Perfect Attendance Pin on the lapel of her husband's coat. One member, Lion Floyd Sande was awarded the Key Member's Pin. Lion Stan Scales then presented Charters to five new members who were welcomed to the Club.

At this point Lion Charles Andrews spoke briefly on behalf of the Vulcan club. Lion Earl Helland then moved a vote of thanks to the ladies of the WMF who had so capably served the banquet supper and a short intermission was called to clear the hall for the program.

The program was held in form of live TV with Lion members acting the parts of TV stars. We enjoyed Lion Juan Cortez acting as Norm Young, MC. Lion Harris Caulfield as Sandy McCallum's weather report which was considerably brighter after being censored by his wife. We favoured with Fred Walker acting as Shirley Harmer, also Juan Cortez as Mario Lanza, Hirst Goldthorpe as Hopalong Cassidy, Harris Caulfield as Bing Crosby, Alec Fraser as Liberace. To bring to a close a very enjoyable evening Alec Fraser as Earl Le Page favoured us with 'Stop the Music' during which many lucky people won fabulous prizes.

A dance followed and from all reports everyone enjoyed the evening immensely.

We would like to take this opportunity to congratulate Lion Earl Helland on his speech on which Dr. Howard Bateman paid him a very great compliment in which he asked for a copy so that he might have it printed in the Lions International magazine. However, Lion Earl had not written his speech so have been unable to get a copy which we would have liked to have for this report.

(Held Over)

Resolutions Of F.V.U.A.

At the annual summer conference of the FWUA of District 12, a number of resolutions were considered and carried. The conference was held on May 29, with a splendid attendance of delegates and visitors. The resolutions are of general interest, showing the trend of FWUA discussion and opinion.

The resolution relating to succession duties is of importance and is as follows: Be it resolved that the Succession Act in relation to widows be amended to include the following changes (a) that a wife's contribution to marriage partnership and building of the family estate be recognized by exempting from succession duties up to one-half of a husband's estate passing to his widow; likewise that only half the value of a gift from a husband to his wife be subject to gift tax; (b) That a life interest or pension be not subject to succession duties as this results in double taxation i.e., succession duty and income tax on the same money; (c) That duty be not levied on that part of the estate which is used to pay succession duties.

It is hoped that revisions in Succession Duty legislation now being written at Ottawa will improve the position of women, and there is further hope that this question of importance will be studied by other groups across Canada, and other opinions submitted to the government without delay.

Further resolutions recommended (1) financial help to the Associated Country Women of the World; (2) that more information on the aims of the Inter-Provincial farm union be forthcoming; (3) that the AFA have more financial assistance from FUA and FWUA; (4) that the Dept. of Agriculture prepare a handbook on scientific

farming for reference, summarizing agricultural information; (5) That a widow having business affiliations be given the same income tax exemption as a married couple; (6) That the press report more fully the vocation of farming as stressed clearly by Farm speakers at the Vocational programs for high school graduation. This vocation is often not mentioned.

Another resolution turned back for redrafting related to the difficulty sometimes encountered in rural high schools in securing teachers fully qualified to graduate students desirous of entering the teaching profession.

There was some discussion also on the new sub-district organization in District 5, composed of groups of several locals to arrange for bringing in speakers or to consider such matters as co-operative buying, convalescent hospitals, etc. This brings better co-ordination between sub-district locals, creates more interest and advances education and social life.

Brief on Television Presented by FUA

The following excerpts are from a brief on television presented to the Royal Commission sitting in Edmonton recently by Mrs. Olive Douglass on behalf of the Farmers Union of Alberta.

The C.B.C. has a base on which to build and therefore should continue to be the main framework, but competing private stations should be allowed sufficient authority to provide a variety of programming where the population warrants.

The Farmers' Union of Alberta supports the C.B.C. basic plan of public and privately owned radio and TV stations and feel that sufficient freedom should be given private stations to allow them to become effective competition for CBC stations. This would stimulate better programme production in Canada.

Good programmes utilizing Canadian talent and creative resources must be encouraged and promoted under CBC. This cannot be over emphasized because the natural channels of communication on this continent run north and south. The east and west channels are more difficult and it is less expensive to provide our receiving public with programmes from across the line. We must not allow any nation, however friendly, to unduly influence the Canadian public.

TV in Canada should have these main functions: (1) To inform, (2) To educate, (3) To entertain and (4) To inspire.

The CBC when planning programming production should keep in mind the industries of the country and since agriculture is the basic industry in Canada much emphasis should be placed on its expansion. Programs that include the following should be continued and intensified. Development of as complete a farm marketing service as is possible for daily broadcasting from all outlets. Development of programmes to promote better farming methods and farm management, i.e., programmes that give farmers information on approved farm practices. Development of rural listening group programmes such as the National Farm Radio Forum and Citizens Forum.

Development of regular programmes of information valuable to the promotion of agriculture, i.e., building good inter-relationships between urban and rural people.

The promotion of appreciation of the cooperative way of life. At all times keep agriculture on a high plane, with no belittling of the

intelligence of farm people.

In the field of TV the private stations have a very valuable role to play. They provide community services such as local weather reports, information of local interest, shows of local interest produced by home talent, that cannot be provided by nationally owned stations.

Programs should be produced,

bearing in mind the exchange or sale of Canadian produced programmes to other countries. Such programmes should feature: (a) The building of good relations between Canada and other countries, (b) The promotion of Canada and her people, (c) The promotion of avenues of trade for Canadian products.

The Many-Splendored Thing...

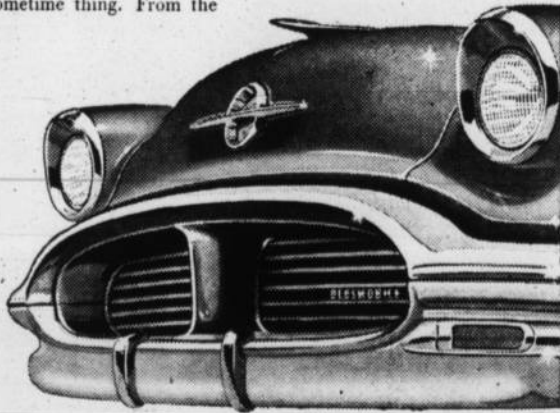

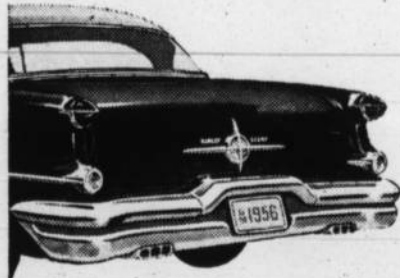

Splendor is everywhere in Oldsmobile.

There's the splendor of distinctive Starfire styling—fresh, dignified, but so alive. There's the splendor of rich, custom-tailored interiors—luxurious, gracious and so comfortable. And there's the splendor of mighty power, tamed to go quietly about its task of producing swift, smooth motion.

And this Oldsmobile splendor is not a sometime thing. From the

moment you proudly take possession until that distant day when you decide to trade it in on an even more exciting Olds of the future, you'll keep discovering new splendors in this unusual car. And you'll keep reflecting all the while how wise you were in 1956 to step up from the ordinary into an Oldsmobile.

Of Many Things

TWO MERCHANTS

The two merchants set up shop in a small Ontario town together. After a couple of years they decided to split up. The town was growing and there was room for another General Store. Besides, they didn't always agree. Each one felt he could hold his own in competition, so they parted good friends, and they were soon in competition for trade.

Both did well. George was a heavy advertiser and was always coming up with special sales and attractions to bring shoppers to the town. Tom didn't advertise much.

He used to say he'd let George spend the money to bring the folks to town. 'They all know where I am—been established long enough,' he said. And he was a shrewd buyer and made a good profit on anything he did sell. But they both got too old for tending store, and last month when a fellow from Toronto arrived in town looking for a business to buy, they were each anxious to sell to him.

George set a high price and Tom was pretty sure that would settle

the matter. His own price was much lower, his inventory bigger and he'd been established at the same stand a couple of years longer.

But the fellow from Toronto (they're good business heads, anyhow!) bought from George & paid the higher price. He gave his reasons, too.

Among them was the fact that George's inventory, though smaller was all spanking new because of his rapid turnover. George's customers were younger, too, while many of Tom's were retired and not too free with money. George's customers would be around longer. Besides, they were raising families and had more variety in their shopping lists. There were many other reasons, too; but most of them could be traced back to advertising and promotion.

Tom still can't figure it out. 'Everybody knows where I'm located,' he says. Trouble is, he still is located there. Nobody wants to buy.

More Coffee?

Brazil has been testing portable aluminum irrigation systems to increase the coffee crop. Results are startling: yield per tree is more than doubled. Even if applied only to half of Brazil's coffee crop, production would be increased by 3,700,000 bags!

Our own Canadian farmers have found endless ways to use Canadian aluminum: Piping for orchards, field crops and stock . . . foil for mulching . . . roofing and siding for barns, brooders and silos . . . cans and pails for dairy farms.

Canadian output of primary aluminum is being further increased to supply the makers of these and a thousand other products useful in agriculture, industry, defence and the home.

Women's Institute Conference

(Continued From Front Page)

for the upkeep of the Restroom in the Village of Champion office building. During the past few years this grant has paid the caretaker of the two rooms. However, at the beginning of 1956 the Village of Champion installed modern plumbing in the Restroom, and the Champion W.I. will transfer the County grant to the Village until the expense of the plumbing is defrayed, and in the meantime the Village of Champion will pay the monthly expenses, i.e. caretaker's wages, paper towels, etc.

Appointments to the Resolutions and Courtesy Committees were made. Mrs. Roberts and Mrs. McKay are the Resolutions Committee. Mrs. Dennison and Mrs. Lundgren were appointed to the Courtesy Committee.

Mrs. MacQuarrie constituency convener, gave a report of the visits she has made.

Mrs. Ford, Provincial Vice-president, brought information to the conference concerning three subjects of prime importance to the ladies; the Life Membership Book, Alberta Scrapbook and the Book of Remembrance. The Life Membership Book contains the names and brief histories of those members who have contributed so much to their home and country through outstanding work with their branch. There is a charge for this to defray the cost of entering the name, the certificate which is presented to the honored member and the attractive pin she may wear. Alberta Scrapbook will be compiled from information and pictures sent to Mrs. Ford. She requests that members gather pictures of farm life, from the farm woman's viewpoint. Gardening, poultry, big machinery, piles of grain, etc. as this Scrapbook will be sent all over the world for other women to examine. This will serve to cement the bonds of friendship.

The Book of Remembrance records the names of members who have passed away and who through their work in the Women's Institute have made outstanding contributions to the success of the Organization. The Champion W.I. have the honor of having two members names recorded in the Book of Remembrance. Mrs. F. Alcock and Mrs. J. N. Beaubien.

Mrs. MacQuarrie read a letter from Mrs. Howes of Millet, provincial president. Mrs. Howes had intended attending this conference but because of an accident she suffered a few weeks ago, she was under the care of a doctor who thought it unwise for her to make this journey. She sent her good wishes to the Branches for the success of the Conference.

The conference adjourned at 12 o'clock noon for lunch which was served in the church parlors. Mrs. Ford led the ladies in the singing of the Grace. The tables were tastefully decorated with spring flowers from the local gardens, and the bounteous lunch consisted of cold ham, potato salad, jellied vegetable salad, hot rolls, pie and coffee and tea.

The conference re-convened at 1:30 p.m., at which time W. A. Shields, Civil Defence Coordinator of the County of Vulcan, gave a very interesting and informative talk on the two phases of Civil Defence most important to the women of the country, i.e. Home Nursing and Welfare. There are 62 registered nurses in the County of Vulcan on call to assist in the case of any emergency. There are 250 women who have been trained in home nursing, who are quite capable of doing any number of jobs if the need arises. The welfare phase of the Civil Defence Program includes clothing, lodging, housing and emergency feeding. Training in Home Nursing and Welfare may be had at Edmonton and information regarding time and place may be secured from Mr. Shields, if you are a resident of the County of Vulcan. Otherwise you may write to Civil Defence, Edmonton.

Mrs. Ford then addressed the ladies. She explained the National Conference to be held in Ottawa in 1957, the purpose of the conference, the expenses involved in sending a delegate and the importance of sending a delegate. The purpose of the National Conference is to gather the women across Canada to discuss world wide problems that are of interest to all women. Mrs. Ford used the problem the United States has at the present time concerning the negroes for an example. She reminded the delegates that we in Canada should not be smug. We have problems as dangerous as it is at this National Conference that the eyes of the women will be opened to these problems of national importance. The Conference will be in the Chateau Laurier and the expenses will be pooled. The probable cost per delegate will be in the neighborhood of \$200.00.

Mrs. Ford reminded the delegates that next year the Women's Institutes will celebrate the 60th anniversary of the organization. She also stressed her belief the most important unit in the whole organization is the Branch. Each Branch in its own particular field contributes an important share to the welfare of home and country.

The purpose and need for a National Office was explained. This National Office, if it is achieved, would be in Ottawa and probably could be combined with another National Office. Expenses toward the upkeep of the Women's Institutes National Office would be defrayed by contributions from the Branches and any sum would be acceptable, however small.

Mrs. Ford suggested that an effort be made to increase attendance at the conferences. Invite more speakers; issue special invitations to young mothers with children were some of the suggestions she made. She told of a conference she had attended recently where young children were present and while their presence was obvious, it was not unwelcome. They did not disturb the meeting, and the mothers had the opportunity of attending the Conference.

Mrs. Alexander of Cayley, the District Director for District IV, described the organization of the Institutes beginning with the Branch, next the Constituency, then the District, the Provincial body and the National body. She told of how the first Institute was organized in Stoney Creek, Ont., in 1897. Six branches form the Little Bow Constituency. There are 37 Constituencies; 285 branches and 5,464 members in Alberta. There are almost 6 million members in the world. Mrs. Alice Barry of Australia is the World President of Women's Institutes.

Mrs. Alexander suggested that more Girls' Clubs be formed in the Branches. Girls enjoy belonging to clubs.

Another suggestion from Mrs. Alexander was courtesy to your guest speakers and the Constituency Convener. Give them ample time for their message, because it is of interest and value to the Institute members.

Mrs. T. H. Howes, provincial president is aiming for 300 branches in 1957 and it is hoped that the branches try their utmost to make this possible.

The Standing Committees then gave their reports. Mrs. A. J. Maisey read the report prepared by Miss Ware of Kirkcaldy. The subject of this report was Agriculture. Mrs. Boyd McKay read a report on Education prepared by Mrs. Martin Gottenberg of the Reid Hill Branch. The report described the democratic system of education such as we have today; the close bond the Home and School Associations have created between home and school. This report also contained a description of the International Peace Gardens on the Manitoba-North Dakota border as seen by Mrs. Bruce Roe. This report was followed by brief reports prepared by Mrs. A. D. Lyon of Barons and Mrs. James Allon of Champion. Mrs. Russell Hegland of Champion read three reports sent to her on Citizenship.

Mrs. C. Brown of Good Deeds read reports of the Branches regarding the Home Economics. Miss Donaldson, Home Economist had visited several of the branches and demonstrated the preparation of salads and sandwiches.

Mrs. Frank Little read five reports of Health and it was quite interesting to hear how conscious most people are with regard to the health of the family and community.

Mrs. K. Knudson of the Champion branch read the reports sent to her concerning Social Services. This dealt with the work done in the community as well as overseas relief. Kirkcaldy has a small boy in the community who has been stricken with polio, and the Women's Institute has contributed a great deal toward a pleasant convalescence for him. The Good Deeds Institute has done some work toward Korean relief but most of the efforts were concentrated on those at home. Barons branch contributed towards Salvation Army, Ceylon relief, Woods Christian Home, Red Cross and Cancer drives and a local boy who was injured in a car accident. Thigh Hill donations bought gifts at Easter for the Cerebral Palsy patients. Champion branch contributed to the Barry Isaac Fund, Woods Christian Home, local Girls' Club, Red Cross and the local restroom and cards were sent to the sick and old folks.

Mrs. A. J. Maisey of Kirkcaldy read the report on United Nations. This is the 10th anniversary of the United Nations. Barons had a panel discussion on this subject during the past year, a contribution of a local teacher and her class.

Miss Randle, Home Economist, displayed different types of handicrafts and stressed abstract and geometric designs rather than the stamped pattern. Home weaving, ceramics, Swedish weaving, etc. are becoming more popular.

The following were appointed to Standing Committees: Mrs. C. L. Kuykendall, Health and Welfare; Mrs. A. W. Maisey, United Nations; Social Services, Mrs. K. Knudson. There were no resolutions presented.

Mrs. A. D. Lyon presented the prizes for the handicraft displayed at the Conference. In the special class for those entrants 60 years of age and over Mrs. Henry Todd received first prize for a crocheted chesterfield set. Mrs. Raymond Crowe of Barons received an award for a crocheted tablecloth and pillow cases.

Mrs. Sisson of Champion was presented with an award for her lunch cloths. Mrs. Crowe of Barons displayed a dress which received an award and she received second prize in the home sewing group.

Mrs. Katherine Crowe received a prize in the novelty section for her flour sack lunch cloth, and second prize went to Mrs. Giggy of Barons for her flour sack apron.

Mrs. H. C. Jopling of Champion received first prize for her petit point Pinky and Blue Boy.

At intervals during the afternoon several special musical numbers were enjoyed. Mrs. Hilz accompanied by Mrs. Galbraith at the piano sang two numbers, My Task and The Bluebird of Happiness. Linda Gay Flitton with Miss Reath at the piano sang 'The Happy Shoemaker' and another song. Myrna Nichols played two brilliant piano selections.

At the close of the afternoon a light lunch was served in the church parlors.

VULCAN THEATRE

Next Tues., Wed., Thurs., Fri., Sat.
June 26-27-28-29-30

One Show Nightly at 8:30 p.m.
Matinee Saturday, 2:30 p.m.

Clifton Webb portrays a sardonic, skeptical motor car manufacturer confronted with the necessity of replacing a general manager. His choice for the coveted position has narrowed down to a trio of his regional representatives.

To aid him in making a final selection Webb invites the three and their wives to New York for a series of business huddles (for the men) and social functions (for the couples), believing that their behaviour under such circumstances would reveal the best man for the job.

How the visitors jockey to corral the appointments for their husbands, or to sabotage it, according to individual ambitions, furnishes an evening of comedy in the hands of a very capable cast.
